## fourchapter GALLERY

### ABOUT THE GALLERY

The Four Chapter Gallery is a collaboration between Christ Community and The Culture House that seeks to explore the relationship between art and ideas, reality and fantasy, beauty and deception, and individuality and community. We are pleased to display work from local, emerging, and national artists, who work in a variety of mediums. We're convinced that the whole city flourishes when good art is produced and made accessible. For more information, visit [FourChapter.gallery](#)

#### This Month's Exhibition:

When a piece of paper is folded, the memory of that fold remains. When a child is impacted by the interaction of another, that impact remains. Both the paper and the brain hold the creases and bends. *Paper Memory* is an exploration of the subconscious crease patterns of the mind, the impact from childhood narratives. Works in paper and encaustic by Amanda Jolley are accompanied with corresponding stories of particular memories or narratives that have impacted her own life. The paper works emphasize the shadow and light that occur when a crease is made. The encaustic works are expansions of these paper crease patterns and their distinct narratives.

#### About the Artists:

Amanda Jolley is a Kansas City-based artist, who was raised in a rural environment. Her father was a farmer from a line of farmers. Throughout her life, she's felt a profound draw to the earth, to the prairie, and to the cycles of nature. Initially, her creativity was given outlet through music, writing, and dance. After a period working in commercial accounting, she decided to embrace visual art vocationally. Now, Jolley specializes in encaustic painting and paper folding.

We desire to be a caring  
family of multiplying  
disciples, influencing our  
community and world  
for Jesus Christ.
