

In the City for the City:
Leadership Development Track

In the City for the City is a ministry of Church Movements, Cru. We focus on developing, mobilizing and connecting leaders who collaborate with other leaders in seeking the good of their city.

We're so glad you've chosen to invest in training that introduces you to your future as a spiritual leader in business, as a neighbor, and in church.

You are invited to join our Summer Mission participants in all of the events listed below; all are optional, depending on your schedule, but are encouraged for maximum benefit.
